

Drink Artesian[®] on the Rocks!

Pure, Cold and Delicious Ice & Water Help Get the Job Done!

Whether it's providing patient care in the healthcare environment or serving staff and visitors in breakrooms, office suites and other settings, Pure Ice & Water help improve efficiency, morale, and even comfort and safety.

Performance: Up to 500 lbs. of ice production in 24 hours, with storage capacity of up to 25 lbs.

Smarter Construction: Durable stainless steel evaporator and exterior panels. Greaseless bearings for reduced maintenance. Larger sink opening and dispensing area. Antimicrobial AquaArmor with AgION™ is molded into key components.

Space-maximizing design: The industry's smallest operational footprint relative to capacity. Featuring specially designed contoured sides for enhanced breathability and an external air filter.

More convenient front access: Removable front panels allow ease of access and service to all key internal components. Including a removable storage bin for better cleaning and maintenance access.

Enhanced service features: Intuitive LED diagnostic lights reduce service time. New removable sink and grill provide maximum access for ease of cleaning.

Energy and Water Efficiency: Industry leading efficiencies deliver on going savings.

Specifications:

24 hr Production: 500 lb @ 70/50, 365 lb @ 90/70

Dimensions: 21.25" W x 24.38" D x 35" H

Available Condenser Options: Air and Water

Storage Capacity: 25 lb
